Warriors - Farm Some Gold!

Ready to earn some gold? Well, with this spot you can earn 10-50 gold per hour regularly! First make sure you are pretty well geared up. Full Might Set, Valor might do the trick, but make sure you can tank and have a very nice HIGH damage 2 handed weapon (i.e. Reaper)

In Silithus you'll want to farm the high end (Level 57) Dust Stomers, [DIRECTIONS](#). It has been reported by various sources that their drops have gone up. One person reported that in a 4 hour period of time they dropped one krol blade, 8 greens, etc.

The important thing to remember about farming is that most of your targets will drop nothing of value, but in 200 kills over a few hours you can walk away with a nice chunk of change for yourself.

There are no vendors nearby, make sure you have lots of free space in your bags and are well equipped with bandages, food, potions, etc. This will work for any class, but warriors can do quite well for themselves here.
